Statement of Agreement

Biola University has long recognized the value in maintaining certain behavioral standards that contribute to the atmosphere on campus, foster fellowship with a wide range of Christians, and strengthen our Christian testimony to our community. *In this light, Biola University requires that its students fully comply with its behavioral standards (summarized below) both while on campus and off campus.*

This institution is for earnest Christians who are sensitive to the principles of Christian living found in the Bible. The institution also states certain standards of conduct for its students. Although such standards are not the basis of one's standing in Christ and are not a necessary consequence thereof, they can be beneficial to the life and testimony of both the individual and the institution. To this end, Biola requires that students refrain from gambling and the use of alcoholic beverages and tobacco. Also, Biola does not allow social dancing at University-related or sponsored activities (that is, any activity that involves an identifiable University group, is publicized on-campus, and/or has the appearance of being University-related, whether held on or off campus). Members of the Biola student body are expected to exercise discernment and abstain from all activities that tend to be morally degrading. This includes, but is not limited to, individual decisions regarding movies and television programs viewed and other entertainment, recreational and social activities. Biola University does not presume to be a censoring agency for all activities; however, it does expect tangible evidence of maturing Christian convictions and discerning judgment from its members.

Biola reserves the right to discipline or dismiss a student who, in its judgment, does not conform either to the stated standards governing student conduct or the expressed principles, programs and expectations of the University as set forth in the catalog, student handbook and other University publications.

I have read and understood the University standards of conduct as summarized above, and I agree to abide by these standards while a student at Biola. (The complete published statement of the standards of conduct can be found in the Biola Student Handbook, which is available on-line at www.biola.edu/studentlife/handbook.pdf or a hardcopy can be obtained upon request.)

I certify that the information provided by me in this application is true and complete to the best of my knowledge. In the event of my acceptance, I understand that false or misleading information given in my application, interview(s) or material information omitted therefrom may result in revocation of my acceptance or dismissal from the University. Upon acceptance and enrollment, I agree to abide by all the rules, regulations and standards of Biola, and that the University retains the right in its sole discretion to modify any of its rules, regulations and standards at any time.
